PARIS. July 30 -The limitations which Great Britain and France would put upon soviet demands of Poland in the acranging of an armistice are set forth in a notification which has been dispatched to the Warsaw government by the British and French governments, it was learned here today. Poland requested the views of Great Britain and France on possible armistice terms and the governments at London and Paris have notified the Polish government that they will not permit Poland to accept possible soviet armistice demands involving: First-Whole or partial disarma-

ment to Poland;
Second—A change in the Polish system of government dictated or brought about by the soviets.

Third—Acceptance by Poland of a boundary line less favorable than that provisionally drawn by Premier Lloy 3 (George).

Fourth—The use of Poland as a bridgehead, in any sense, between Germany and Russia.

WAR SUPPLIES MOVE. WAR SUPPLIES MOVE.

As bearing on the military situation, it develops that vast stocks of munitions from the allies are moving toward Warsaw today from Danzig, on the Ballic, and for a parand Czecho-Slovakia. These munitions were for the most part originally dispatched for the army of Genreal Denikine, but were delayed on the way until too late to be available for his use. The munitions being sent from Danzig, however, were shipped recently for the especial use of Poland. Other munitions are ex-

From intercepted wireless mes
sages and other sources it is protiwell understood in Polish military cir they are willing to cease hostilities. It is considered apparent they are de-

The Poles are determined to defend Lemberg to the last and if it fails it will only be after perhaps the greatest battle of the present conflict.
